Huși Vineyard | 2024

Range Description

NATIVUS, a range that, as its name suggests, represents the 100% natural expression of the Averești terroir and the rich symbols of Cucuteni culture.

Grape harvest

The grapes were harvested manually in the morning, at a sugar content of 195g/l.

Vinification

The harvested grapes were introduced into the press, where a short-term, low-pressure pressing was performed. The must was decanted by gravity at cold. The must was fermented in stainless steel tanks at a controlled temperature, and the young wine obtained was kept on the fine lees until March, to gain additional structure and volume.

Wine philosophy

Zghihara is a remarkable variety, a wild nobleman with a strong personality, rooted in the lands Huși for thousands of years. Combined with the mastery of the winemaker, it gives birth to a wine like no other.

Tasting notes

It is a wine with pleasant, yet discreet aromas of green apples, limes, and gooseberries.

Culinary associations

A perfect appetizer, but also a very good accompaniment to fish and seafood dishes.
