Huși Vineyard | 2025

Range Description

We challenge you to taste the wines from this collection - Semi-Sweet White and Aromatic Rose to understand why Huși wines are versatile and delicious like no other.

Grape harvest

The grapes were harvested in 2 stages, characterized by different levels of ripeness/ripening.

Vinification

The grapes were macerated at low temperatures, and the pressing was done cold. The must was fermented in stainless steel tanks at controlled temperatures.

Wine philosophy

The aromatic rosé you love is running out too quickly. We offer you the solution: bottling in 1.5-liter bottles of one of the most inviting rosés!

Tasting notes

The rosé wine, with its attractive color, stands out for its aromas reminiscent of Mediterranean wines. Slightly off-dry, round and full-bodied, it exudes freshness with pronounced notes of rose petals and berries.

Culinary associations

It is a wine suitable for savory Romanian dishes.
