Grape harvest

The grapes were harvested in 2 stages, characterized by different levels of ripeness/ripening.

Vinification

The grapes were harvested manually. The grapes were macerated at low temperatures and the pressing was done cold. The must was fermented in stainless steel tanks at controlled temperatures.

Wine philosophy

A young Sauvignon Blanc that captivates with its special bouquet, of excellent varietal typicality and in which we find fresh nuances, perfect for cooling down on hot summer days.

Tasting notes

Straw-yellow wine with an intense and fresh nose, evoking jasmine flowers. The taste reveals notes of ripe blackberries, grapes and accents of vine tendrils. The aftertaste is lively, with a predominance of apple notes, complemented by a refreshing acidity.
